

360 ARTIST GROUP

End

Congratulations! You have finished the Artist On-boarding! That means you have transformed from a hobby musician to a professional. It is now time to let the world know you are in business and ready to rock! Please send your press kit to info@360artistgroup.com so we can mention you on our website.

The Artist Onboarding is just the fundament of your brand. To learn more about specific subjects, check out more in the Artist Academy. You can also go there to prepare for an event you have planned, such as a release or a management proposal.
